Tashkent Univercity of Information Technologies named after Mukhammad Al-Khwarizmi
Software Enginering

2021-2022
PDP Academy
on a bootcamp course for six months

About Me

I am 23 years old. For six months I have learned the necessary knowledge for the frontend direction of programming. I have no experience yet, but during the course we worked on projects of different levels. Now my goal is to work and gain experience. I believe in being a senior programmer
